# "LANDMINES, LEATHERMANS AND LOGISTICS"

What do Disaster Relief Logistics look like on the ground?  
MESS WINTER TALK by NATHAN BEARD

Nathan describes the contexts, challenges and at times surprising solutions required when responding to humanitarian emergencies. Nathan will draw on his experiences of responses through his work with Tearfund and other agencies since 2007. These include both complex political emergencies and natural disasters in Darfur, South Sudan, Afghanistan, Liberia, the Democratic Republic of Congo, Haiti and the Central African Republic. Local Barnes resident Nathan is now a humanitarian trainer in Logistics and Security. He loves to empower people who operate at the front line of relief work.

# LONDON'S AIR AMBULANCE CHARITY

An informative talk by Martin Cawley

London's Air Ambulance is the only helicopter service in the capital providing emergency medical care. It operates from the roof of The Royal London Hospital and can be at any point within the M25 in under 12 minutes. The helicopter, and fast response car team, offer a specialist emergency service to the 10 million people who live, work and commute within the London area. Our missions range from performing life-saving surgery at the roadside after major traffic accidents, to disaster management following terrorist incidents.

# MISSING PEOPLE

A talk about the essential work of this locally-based charity

In the heart of East Sheen, this charity has been supporting people away from home and the families left behind for over 25 years. The charity was set up by sisters Mary Asprey and Janet Newman in response to the disappearance of Suzy Lamplugh in 1986.

Missing People now provides vital practical and emotional support to the 186,000 people reported missing each year in the UK, as well as for families with missing loved ones.
